### Limitation City of Stockholm Municipality participation

Due to the specific restrictions for municipal operations as required by Swedish law the City is forced to limit its participation in the consortium as described below.

1. The City will support the research with a value of 800 000 SEK per year in the form of in Kind contributions. Primarily the in Kind contribution consists of "access to a functioning business within a city government." The detailed construction of cooperation between the Centre and the City's operations will be further regulated by a subsequent written agreement with regards to the municipality's authority and possibly classified information.
2. The City shall have the right to attend the General Meeting and possibly on the Centre Board of Directors on the same basis as other Parties.
3. Joint Result may be used by the city in its own operations. Likewise, the city owns rights to license according to section 11.5 to allow use in its own operations. The City otherwise waives from every right to Joint Results outside its own operations.
4. The city shall not engage in any activity contrary to the competence of the municipality. Should the Centre's operation be transformed into a business the City should be entitled to immediately withdraw from the agreement.
5. In the event that the City's decision to participate as a Party is appealed the city shall upon request be entitled to defer the fulfilment of the financial commitment. In the event the appeal results in a cancellation of the decision the City own the right of early withdrawal without notice of termination.
6. The City's participation in the Centre is dependent on the Municipal council's approval of the agreement by a valid resolution no later than, 2012-04-30. Then, by the Municipal council appointed representative, will sign the agreement.
